

# CS404 Oyun Tournament Results

• Figure on the top shows the change in the proportion of each strategy over 13 generations (the population is quite stable afterwards). Figure on the bottom zooms in on the surviving strategies. The legend gives the final ranking.

• The results are very close. The surviving strategies share between 4.75% and 5.89% of the population so no strategy is dominating.

• Final top 5:

One Chance	MP Group	0.05894
Coperate_WithForegiveness	Team_Spiteri_SU_TANG_TANG_5	0.058674
Two Chance	MP Group	0.058654
Delayed grudge	Jonathan Rees	0.057995
Generous Tit-for-tat	Grim Triggers	0.057487
